The Arizona Citizens Defense League (AzCDL)® is a non-profit 501(c)(4), all volunteer, non-partisan grassroots organization dedicated to the principles contained in Article II, Section 2 of the Arizona Constitution that “All political power is inherent in the people, and governments derive their just powers from the consent of the governed, and are established to protect and maintain individual rights.”

The rights of self-defense and bearing arms are the foundation of all other rights.

Our freedom of speech, our freedom from unreasonable searches, our right against self-incrimination, our right to bear arms, all of our fundamental rights only exist because we stand firmly resolved to preserve them. AzCDL exists to strengthen that resolve.

We are the Watchmen on the wall.
