and hunters are *NOT*
REGISTERED TO VOTE!

If you are one of the many shooters who think, "This is Arizona, it can't happen here," it's time to think again.

Pro-rights legislators have only a *slim majority* in the state House and state Senate. If even a seat or two "flip" in each chamber, everything we've accomplished in the last 20 years could be lost in a single session!

In tight elections, even a small number of votes can mean the difference between a gun-friendly legislature and one bent on restricting your rights.

Register to vote today, then vote for those that will protect your right to keep and bear arms!
